PROFESSIONAL SUMMARY

Data Analyst with 1+ years of experience (1 full-time role, 2+ internships) turning 60K+ records into dashboards that delivered 40% faster reporting, a 27% irrigation-efficiency gain and a 19% profit uplift. Building ML and GenAI skills via the C-DAC PGCP in AI (Aug 2026 – Feb 2027) and end-to-end Python projects. Oracle Cloud-certified (4); published researcher (IJCRT 2024).

WORK EXPERIENCE

Neubrain Solution Pvt. Ltd. | *Data Analyst, Navi Mumbai* *Aug 2025 – Mar 2026*

- Built and automated real-time executive dashboards in Power BI and Zoho Analytics on SQL sources, improving reporting efficiency by 40% and decision accuracy by 30%.
- Integrated Zoho CRM with SQL for automated performance tracking; ran EDA and statistical analysis to surface revenue trends and anomalies.
- Used Cursor AI to cut Python/SQL pipeline development time by 30%; deployed analytics web apps on Vercel.

Variant AI | *Data Analytics Intern, Remote* *Mar 2025 – July 2025*

- Analysed 60K+ records (Zomato, Healthcare) with SQL and Power BI, improving data-processing accuracy by 30%.
- Uncovered ₹8.45M in sales trends and diagnosed hospital workflow bottlenecks, contributing to an 18% efficiency gain.

Guardneer Technologies (S.V. Krishi Nature) | *Data Analyst Intern – Remote* *Jun 2024 – Dec 2024*

- Built Tableau/Power BI dashboards on 1,000+ farm records with custom KPIs, driving a 27% irrigation-efficiency gain and 19% profit increase.
- Applied Python ML clustering and anomaly detection on sensor data, boosting farm productivity by 25%.

PROJECTS

JARVIS – Nifty 50 Options Algo-Trading System | *Python, FastAPI, Scikit-learn* *Jan 2026 – Present*

- Built an automated paper-trading system: signal engine (ORB, VWAP, Supertrend + Random Forest regime filter), risk manager, scheduler, FastAPI backend, live dashboard and 4-level data failover.
- Backtested 4 years of 1-min Nifty data: 836 simulated trades, 50.6% win rate, ₹30,000 to ₹2.24L (+645%, simulated, pre-cost); fixed 8 pipeline defects, now running walk-forward validation.

YouTube Automation AI | *Python, YouTube Data API, LLM APIs* *May 2026 – Present*

- Working pipeline: LLM scripts, AI voice-over and video, automated editing, auto-upload; front end in progress.

Zomato Sales Analytics Dashboard | GitHub | *SQL, Python, Power BI, Tableau* *Aug 2025 – Sep 2025*

- Analysed 9,500+ restaurants in 15 countries to uncover ₹8.45M in sales trends; drill-through dashboards cut manual analysis time by 40%.

Cropify – AI Crop Disease Detection | *Python, OpenCV, Scikit-learn* *Jun 2023 – Jun 2024*

- BE major project: image-classification model with 85% accuracy; published in the IJCRT journal (2024).

SKILLS

Languages & Libraries: Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, TensorFlow, PyTorch, Keras, OpenCV), SQL (MySQL), DAX, VBA
Data & BI: Power BI, Tableau, Zoho Analytics, Excel (Power Query, Pivot), ETL, Oracle Analytics Cloud
Analytics & ML: EDA, Statistics, A/B Testing, KPI Design, Regression, Classification, Clustering, Backtesting, Data Storytelling, Stakeholder Communication
GenAI & Tools: LLM APIs (OpenAI, Anthropic, Gemini), Prompt Engineering, FastAPI, REST APIs, Streamlit, Git/GitHub, Vercel, Cursor Ai, Windsurf Ai

EDUCATION

Centre for Development of Advanced Computing (C-DAC), Kharghar *Aug 2026 – Feb 2027*
PG Certificate Programme in Artificial Intelligence (24 weeks, 900 hours) Navi Mumbai, India
Coursework: Mathematics for AI, Advanced Python, Data Analytics, Practical ML, Deep Neural Networks, NLP & Computer Vision, PySpark

Terna Engineering College, Mumbai University *2024*
Bachelor of Engineering in Information Technology CGPA: 7.92 / 10

Loknete Gopinathji Munde Institute of Engineering Education & Research, Nashik *2021*
Diploma in Computer Engineering (MSBTE) Percentage: 82.11%

CERTIFICATIONS

Oracle Cloud (4): Analytics Cloud, OCI Generative AI, OCI Data Science (Professional); Data Platform Foundations (Associate)
Others: NASSCOM IT-ITeS Data Analytics (92%), ExcelR Data Analytics, Skill India Certified Data Analyst, DevTown Python Bootcamp

AWARDS

- **Best Performer (National)** – Elevate Labs Data Analytics Internship, Skill India & MSME *2025*
- **Published Researcher** – Cropify crop disease detection paper, IJCRT Journal *2024*
